

Can you help?

Donation of sewing machines, fabrics, trims, patterns needed!

Ormoc Sewing Project (Philippines)

The aim of the project in Ormoc, Leyte Province in the Philippines is to equip 110 community centres with the means for local women to learn to sew for their families and eventually for their local market to earn extra income as there are few opportunities for employment.

Items required for donation include:

- Sewing Machines
- Haberdashery Items
- Fabric lengths & remnants
- Sewing Patterns

Buttons, lace and braid trims, zips, remnants and sewing machines sit idle in the cupboards and garages of WA women.

Do you have materials left over from unfinished craft and sewing projects?

This project is being co-ordinated by
The Textile, Clothing, Footwear Resources Centre of Western Australia Inc. (TCFWA) in conjunction with BPW WA
and has the support of the Rotary Club in Ormoc, Philippines.

What: For a detailed list of items needed and packaging requirements, please contact Nicky Badman on 9305 4613 or visit http://www.stayingintouch.com.au/bpwjoondalup/news_bpw.html

Where: Donations can be delivered to Joondalup Library, Boas Avenue, Joondalup during their usual opening hours or call the above number to organise collection.

When: Cut-off date 27th April 2007.

This is a simple opportunity to take something out of your own cupboard and know that the item will go directly to the community centres of Ormoc for local women to learn and develop skills and create a sustainable income. (Please encourage your family and friends to donate too.)
