BPW Dinner Meetings invite you to think BIG about....

working in male dominated industries.

'She's the Man!'

presented by Dr. Karin Margolius

BSc MBBCh FFPATH(SA) MIAC FRCPA FACLM FACBS LLB

More and more women today are facing the challenges of working in industries and careers that have traditionally been dominated by men – oil & gas, mining & resources, engineering, politics and medicine just to mention a few!

So what happens when the best man for the job is a woman?

Come and hear a fascinating account of one woman's journey. Dr Karin Margolius is a forensic pathologist with the Department of Forensic Pathology. She is also a member of the Forensic Pathology Advisory Committee of the Royal College of Pathologists of Australasia and a senior lecturer at the School of Surgery and Pathology at the University of Western Australia; teaching anatomical pathology, forensic pathology and legal medicine.

We look forward to you joining us on

Tuesday, 13 March 2007
